Klostertal Bike Trail | Klostertal

EASY | REFRESHMENTS | FAMILY-FRIENDLY | THERE AND BACK

Tour description

Beautiful bike path through wooded areas and across meadows and partly on the road from Bludenz to Klösterle and back again.

From Bludenz, the route first goes along the Ill River to Brunnenfeld. From the traffic junction at the Bludenz-Montafon freeway exit, the Klostertal cycle path leads into the valley on the shady side along the Alfenz river. You pass Stallehr and ride along the valley floor past Außer- and Innerbraz. At Dalaas, the valley becomes so narrow that the bike path briefly leads onto the village street, which is little frequented thanks to the Arlberg expressway. At the end of the village, the route continues on a gravel road along the Alfenz, past Außerwald, the valley station of the Sonnenkopfbahn and Innerwald to Klösterle am Arlberg. Return via the same route.
