Forest educational trail | Bludenz

EASY | PANORAMIC | FAMILY-FRIENDLY | FROM A TO B

Tour description

Educational forest walk above Bludenz.

Your journey along the forest nature trail begins right next to the water reservoir at Hinterplärsch.

Just a few steps in, and you're already immersed in the fascinating world of the forest. Along the way, numerous information boards provide exciting and educational insights: Why is the forest so vital for both humans and animals? Which types of trees provide raw materials for different products? And did you know that the forest is also a workplace for many people?

The trail takes you through diverse natural landscapes and ends at the **Forest Memory** game station on the **Hinterebene** or at **Montikel** – a fun and interactive conclusion to your forest discovery tour.

From there, the path leads downhill to the **Val Blu leisure pool**, where pools and sunbathing areas offer a refreshing way to cool off after your walk.

If you parked your car at the starting point, you can comfortably take the bus back.

Example of one station: “The Forest as a Water Reservoir”

Spring water from the mountain slopes between **Buchwald** and **Rungelin** is collected using special spring catchments and directed into intermediate storage tanks. From there, it flows down into the valley and is gathered in water reservoirs – such as the one at the entrance to the forest trail – where it is made accessible for our use.

Public transport

City bus line 501 or line 503, stop "Muttersberg cable car" or "Val Blu/Stadion"
