

Wallride Mountain & Bike Store

SPORTS SHOP

📍 Tschengla 3, 6707 Bürserberg

Downhill-Bikes, E-bikes, mountainbikes and equipment rental for the bikepark.

It doesn't matter whether you prefer to be on freeride routes, downhill tracks or single trails - there are many different options waiting for you in the Bikepark Brandnertal: a total of 11 main routes with many variants are available to you. 4 mountain railways take you to the routes and also connect the towns of Tschengla/Bürserberg and Brand for mountain bikers.

Either start in Brand and get to the routes with the Dorfbahn and Panoramabahn or start on the Tschengla in Bürserberg. Here you can take the Einhornbahn II and the Loischkopfbahn to the Loischkopf, the highest point of the Bikepark Brandnertal.

Mountain bikers of all ability levels get their money's worth in the Brandnertal, whether they are newcomers, families, racers or freeriders - from the flow line to single trails to freeride and downhill routes with massive jumps, everything is included!
