24/7 Self-service farmer shop next to the main road

We, the Vaschauner family, run an organic farm in Satteins with great emphasis on the direct marketing of regional organic products. We keep about 100 cattle, laying hens, pigs and other great animals on the farm. Keeping mother cows in a free-range barn with lots of space, animal welfare and "mother-child" contact is important to us! In addition to grass silage and maize, delicious organic pumpkins and Halloween squash are produced on the field.

All our products are available at the various sales points.

Products: Eggs, quail eggs, pumpkin, chicken, sausages, meat packages of veal, beef and pork, walnuts, pasta, pickled vegetables and much more.
