Kesselfall Tour | Brand

MODERATE ROUND TRIP

Tour description

If you follow the Alvier river upstream, you will be rewarded with an intoxicating natural spectacle on the Kesselfall tour.

From the starting point at the Alvierbad, this running route mostly leads along the right-hand side of the Alvier to the Brügga district, where the route crosses the Alvierbach stream and continues along the road into the valley. In the Innertal valley, the road turns into a forest path and this leads up towards the Kesselfall. A path takes you to the Kesselfall natural spectacle on the other side of the stream. From here, the trail leads back out of the valley to Innertal. In the Innertal valley, pass the chapel, cross the bridge and take the same path back out of the valley to the starting point.
