Alfenz cross-country ski trail - 1st section | Dalaas

Klostertal Vorarlberg

MODERATE | REFRESHMENTS | THERE AND BACK

Tour description

Style: Classic

Alone on the way through a deeply snow-covered picture-book landscape, a feeling of relaxation quickly sets in - this also succeeds on the longest cross-country trail in the valley, the "Alfenz" cross-country trail. The start of the trail is directly opposite the Kristbergsaal in Dalaas. The snow-sure cross-country trail leads mainly along the course of the Alfenz stream to the valley station of the Sonnenkopf cable car. From there it is also possible to connect to the Alfenz trail in the direction of Klösterle. The way back follows the same route. The tour can of course also be completed in the opposite direction.

Changing facilities: There are no changing rooms on site. However, there is the possibility to change in the public toilet at the Kristbergsaal or at the Sonnenkopfbahn.
Current status: You can find this in the daily updated trail report.
